CHRISTOPHER JAUREGUI
FULL STACK DEVELOPER

915 -820 - 3351 | chrisjay629@gmail.com | https://www.linkedin.com/in/christopherjauregui/ | https://chrisjay629.github.io/MyPortfolio/

ABOUT ME +

I focus on creating experiences that are influential to users. I solve day to day problems by starting with research, blueprint designs and teamwork. Then compile my game plan and turn it into code. My knowledge of database technologies and client side languages are not just skills for me, but tools I wish to implement into my journey of life changing new ideas and technology.

WORK +

FREELANCE WEB DEVELOPER
(2016 - CURRENT)

ATX LANDSCAPING
Responsive WebSite for local greeneries displaying seasonal items. Javascript functions and CSS styling and logo design.
http://www.rwgreenery.com/index.htm

ALIEN RUN
Fun alien game using HTML5, Phaser JS, CSS, Mp3VOice Audio, Adobe PS, Protools, and Tiled. This is a basic game with fun visual effects. Easy directional arrow and jump functions with audio.
https://chrisjay629.github.io/AdventureGame.github.io/

PET PALS AND PUPPS ADOPTION
Pasion project working with UI and UX designers creating a more attractive visual for pet adoption websites to keep users more in tuned to the website in hope to drive people towards adopting more animals. HTML5, CSS, jQuery, PS, MP4 Backgrounds.
https://chrisjay629.github.io/PetPal2017/
https://chrisjay629.github.io/Pupps/

MOVIE PIC DROP
Music Pic Drop was a submission for the Austin Standup Comedian Showcase Website. Mission was to display upcoming shows to purchase online for local acts. Languages used HTML, CSS, and jQuery. The application used a drop function to store an image selected. With an adjustable price selector that would highlight shows within that price range.
